

**KIRKWOOD ATHLETIC ASSOCIATION
GIRLS APPLICATION FOR REGISTRATION FOR SPRING/SUMMER 2010**

KAA DOES NOT PERFORM BACKGROUND CHECKS ON TEAM PERSONNEL

Each year KAA accepts registration forms from individuals for the purpose of forming teams. We form teams at the ages of 5u thru 8u for girls. We are unable to form teams beyond these ages due to space limitations. Youths 9 and older by January 1, 2010 may utilize the softball discussion board at our website at www.kwdaa.com. They may list their desires and also search the needs of managers seeking players.

We will attempt to break down teams into ages 5-6 and 7-8; however, if the number of individuals registering do not form a viable league it is possible the entire age group 5-8 may play a single division. We also offer the opportunity to play 8u live pitch; however, if the number of entrants for that bracket isn't enough to form a viable bracket of play those individuals and/or teams will be grouped with those desiring 8u machine pitch and play a split season of machine and live pitch. Teams are formed from registration forms received and are grouped by school attending, school district, zip code of the applicant and requests to be placed on the same team, **however**, this cannot happen without volunteers and volunteers for managers, coaches, scorekeepers, etc. all come from the parental ranks. **Without parental volunteers your child may not be placed on a team.**

Applications are accepted until teams are filled which is generally the last week of January. The cost per team is \$1,150.00. Each manager will collect the league fee once the team is assembled and submit one check for the entire fee to KAA. **We do not take individual checks for each team member.** The league will provide the initial uniform consisting of a jersey with the team name and number on it and a hat. We also provide the initial team equipment consisting of 5 batting helmets with face guards, chest protector, catcher's helmet with throat protector and shin guards as well as a bag to carry the equipment. The league also purchases a secondary medical policy for all players and team personnel including the manager, coaches and scorekeeper. The league provides all participants with participation awards at the end of the season. Play begins in late April and concludes in late July. Games are played on Wednesday and/or Thursday evenings. A limited amount of games or rainout make ups will be played on weekends.

**AGAIN, WE DO NOT PERFORM BACKGROUND CHECKS ON VOLUNTEER TEAM
PERSONNEL**
